

## SENSATIONAL STARS

### 1 day - 6 hour class Intermediate Skill Level

Learn to create your own original star design. It's simple and easy with a ruler and a compass, even if you hate math. We will practice drafting and designing in the morning, and spend the afternoon stitching your own design. You also may select one of the patterns available in class to stitch. Freezer paper foundation piecing techniques are taught in this class. This is the perfect opportunity to bring along a special piece of fabric that you would like to feature in your quilt!

Kimberlites II © 2010

The list below includes the minimum fabric requirements. I strongly encourage you to bring a larger selection of fabrics to enable more creative freedom. As with all quilting projects, choosing good quality fabrics will ensure easier sewing and a more successful finished product. Choose 100% cottons and pre-wash them before class. Hand dyed and hand painted fabrics and batiks, work well for this type of quilt. Think "prints that read as solids" when making your selection. If you are unsure what to bring, bring extra! See you in class!

#### \$7 workbook fee

- |   |   |
|---|---|
| 1 yard background fabric  | * Mechanical pencils - 2                  |
| 1/3 yard each of 4-5 different fabrics in an assortment of color values and prints          | * Good eraser                             |
| 1 yard of your favorite fabric, a fabric with a theme or color scheme you'd like to feature | Colored pencils - 2                       |
| 2 sheets large paper for drafting (17" x 22") (may be freezer paper)                        | * 4" square ruler                         |
| Freezer paper   | * 6" or 12" Add-a-Quarter ruler           |
| Fabric and paper scissors   | * 1" by 6" or 1" by 12" transparent ruler |
| Rotary cutting equipment  | 24" transparent ruler                     |
| Sewing machine  | * Drafting compass with extender bar      |
| Basic sewing supplies   | * 24" or larger flexible curve            |

\* **Specialty tools will be available for purchase in class.**

#### Classroom Needs:

One iron for every 2-3 students and six foot tables with no more than two students to a table; enough electrical outlets and extension cords to provide power to each sewing machine and iron.
